## Rescue Reston News

by John Pinkman

The sale of the Golf Course has been back in the news. Rumors abound. It is true that it is listed for sale. Northwestern Mutual (NWM), the owner of the 167 acres of land, which has been designated as a permanent golf course, is receiving offers from buyers. Despite evidence to the contrary, those buyers remain focused on replacing the golf course with hundreds of housing units. The court has ruled potential developers cannot short cut the system in a term called "by right." Rather, they must submit to rigorous and expensive traditional development procedures. All of which, we, Rescue Reston, believe to be dead on arrival at the County Zoning Administration office.

As you must be aware by this time, Rescue Reston, The Reston Association, and Fairfax County are united in opposition. Recent news stories indicate there are wishful candidates who believe, or have been told by NWM representatives, that there is a possibility to redevelop the course into magnificent profits. There are also investor groups who wish to buy the golf course and keep it a beautiful open space and recreation amenity as is required by county zoning law.

In three weeks, **Monday, October 2nd**, Rescue Reston will hold its 3rd Annual Fundraising Golf Tournament. All profits from the tournament are directed to legal defense. **Defense of what? Your property values and our neighborhood's future!**

I am proud to say Golf Course View has led the way in both financial contributions and personal time to defeat this grotesque proposal. Of course many have not. Many are still unaware of the issue at all; seriously! We cannot allow that apathy to deter our commitment to see the total defeat of NWM greed.

## Parking Lot Restriping in October

Next month we will be repainting the white tick marks that define our parking spaces and the space numbers. This long needed work will require everyone's cooperation to complete.

On the day the work is scheduled to be done, every car will need to be moved out of the parking lots so that the crew can work at the curbs. If one of your cars is parked in your space when the crew arrives, your parking space will not be renewed.

We will notify you well in advance of the work date, so that you can plan ahead to have your cars out of the lots.

**4th Quarter Assessments  
Due October 16th**
